

Milk MAGIC

INGREDIENTS NEEDED

INSTRUCTIONS

1. Fill your dish or bowl with about 1 inch of milk.
 2. Drop food colors all around the milk.
 3. Take a q-tip and dip it in dish soap, then press the q-tip on the milk to watch it and the colors react.
 4. Because of the scientific make up of dish soap, it does not mix with milk and makes it swirl around, making some dairy good milk magic!
- 

Dairy fresh!

Milk arrives at your local grocery store within 48 hours of leaving the farm.
